

FASTFACTS

HOMOSEXUALITY

*Do not be deceived.
Neither fornicators,
nor idolaters,
nor adulterers,
nor homosexuals,
nor sodomites,
nor thieves, nor covetous,
nor drunkards, nor revilers,
nor extortioners will inherit the
kingdom of God.*

And such were some of you.

*But you were washed,
but you were sanctified,
but you were justified
in the name of the
Lord Jesus and by the Spirit of
our God.*

— 1 Corinthians 6:9-11 NKJV

Our Founders Said . . .

During the American Revolution, when Continental Army Lieutenant Enslin was found “attempting to commit sodomy,” **Commander George Washington** issued an order “with abhorrence and detestation.” Enslin was to be “drummed out of the camp... by all the drummers and fifers in the Army— never to return.”

Thomas Jefferson authorized legislation to penalize sodomy by castration.

At the time the Constitution was ratified, the states of **New York, North Carolina, South Carolina, Connecticut, Virginia, Massachusetts, Rhode Island, and New Jersey** each implemented the death penalty for those who committed sodomy.

(Original Intent, David Barton)

Statistics You Should Know: *It's Not Just Holding Hands*

- 65% of all reported AIDS cases among males in the United States since 1981 have been men engaged in homosexual behavior (Centers for Disease Control HIV/AIDS Surveillance Report, Vol. 9, No. 2, May, 1998).
- Homosexuals account for a disproportionate number of cases of gonorrhea, hepatitis A, and hepatitis B (JAMA, 1986).
- 57% report they have had sex with more than 30 partners, and 35% claim to have had sex with over 100 partners (*The Advocate*, August 1994).
- 52% report they have had sex in a public park; 46% report they have had sex in a public bathroom (*Genre* magazine, October 1996).
- 48% of homosexuals admit to having participated in a “three-way” sexual encounter within the past five years (*The Advocate*, August 1994).
- A 2003 Dutch study of homosexual men discovered that the average homosexual union lasts 1 1/2 years. The study also found that men in homosexual relationships, on average, have eight partners a year outside of these relationships (*Washington Times*, July 11, 2003).

The Homosexual Agenda Revealed:

In **April 1993** at the **Gay Pride March on Washington, D.C.**, these demands were made by the homosexual community:

- the “legalization of same-sex marriages”;
- “the recognition and legal protection of the whole range of family structures”;
- “the re-definition of sexual re-assignment surgeries as medical, not cosmetic treatment”;
- “unrestricted, safe, and affordable alternative insemination”;
- “safe and affordable abortion” available to all people “without restriction and regardless of age”;
- homosexual education programs in “all levels of education” including elementary schools;
- “an end to discrimination based on sexual orientation in all programs of the Boy Scouts...”;
- “an end to consideration of gender dysphoria as a psychological disorder.”

In **1972**, the **National Coalition of Gay Organizations** met in **Chicago** to develop an initial gay-rights platform, which included:

- “Federal encouragement and support for sex education courses, prepared and taught by qualified gay women and men... presenting homosexuality as a viable alternative to heterosexuality”;
- “Repeal of all state laws prohibiting private sexual acts involving consenting adults”;
- “Repeal of all state laws prohibiting solicitation for private sexual liaisons; and laws prohibiting prostitution, both male and female”;
- “Enactment of legislation so that child custody... shall not be denied because of sexual orientation”;
- “Repeal of all laws prohibiting transvestitism and cross-dressing”;
- “Repeal of all laws governing the age of sexual consent” (legalize pedophilia);
- “Repeal of all legislative provisions that restrict the sex or number of persons entering into a marriage unit, and the extension of legal benefits... regardless of sex or numbers.”

Homosexuality Costs You Plenty!

\$14.7 billion federal AIDS/HIV spending / **8,963** AIDS-related deaths

= **\$1.64 million** per AIDS-related death

(The Kaiser Family Foundation, 2003 & Centers for Disease Control, September 24, 2002)

Cancer Patients? **\$4.9 billion** federal cancer-related spending / **550,000** cancer-related deaths

= **\$8,828** per cancer-related death

(Congressional Activities Report, September 2002 & American Cancer Society, 2002)

Heart Disease? **\$2.58 billion** federal heart disease-related spending / **710,760** heart disease-related deaths

= **\$3,630** per heart disease-related death

(American Heart Association, 2003)

Are You Funding the Homosexual Movement?

The Human Rights Campaign, the nation's largest homosexual advocacy group, "honored" several corporations and foundations that have helped to fund the furtherance of the homosexual agenda. Below is a sampling of these companies:

American Airlines
Ford Motor Company
Mitchell Gold
Beaulieu Vineyard
Olivia Cruises and Resorts
IBM (International Business Machines)
Cingular Wireless
Nike
John Hancock Financial Services
Coors Brewing Company
The United Way
The IBM International Foundation
(Human Rights Campaign, 2003)

The ACLU Lesbian and Gay Rights Project profited from donations given by:

The Ford Foundation
Clear Channel Worldwide
Pacific Bell
Wells Fargo
AOL Time Warner
The Vanguard Foundation
(The ACLU Lesbian and Gay Rights Project, 2003)

Homosexual Deception

"In the early stages of any campaign to reach straight America, the masses should not be shocked and repelled by premature exposure to homosexual behavior itself. Instead, the imagery of sex should be downplayed and gay-rights should be reduced to an abstract social question as much as possible. First, let the camel get his nose inside the tent—and only later his unsightly derriere!"

— Homosexual Activists Kirk Marshall and Pill Erastes
The Overhauling of Straight America

Someone I Love is Gay by Anita Worthen & Bob Davies

There is Hope for Change!

How do we know? Because thousands have done so!

"For those homosexuals who are unhappy with their life and find effective therapy, it is curable."

— Robert Kronemeyer, *Overcoming Homosexuality*, 1980.

"... all the existing evidence suggests strongly that homosexuality is quite changeable."
— Dr. Jeffrey Satinover, former Fellow of Psychiatry & Child Psychiatry at Yale University, *Homosexuality and the Politics of Truth*, 1996.

"If patients were motivated, whatever procedure is adopted, a large percentage will give up their homosexuality. In connection with this, public information is of the greatest importance. The misinformation spread by certain circles that homosexuality is untreatable by psychotherapy does [enormous] harm to thousands of men and women."

— Dr. Ruben Fine, Director of the New York Center for Psychoanalytic Training, *Male & Female Homosexuality: Psychological Approaches*, 1987.

Homosexuality, Mental Illness, and the American Psychiatric Association

In 1973, the APA removed homosexuality from its diagnostic category of mental illnesses. This action came not as a result of new research and findings, but was ultimately brought about by a militant protest staged by activists at the APA annual convention. In other words, intimidation was a key motivation. In fact, only 16% of the entire APA membership actually voted in favor of the radical change.

— Dr. James Mallory, Head of Psychiatric unit – Rapha Center, Atlanta, Ga., *Homosexuality*; Ronald Bayer, *Homosexuality and American Psychiatry: The Politics of Diagnosis* (NY: Basic Books, 1981), 101-54; William Dannemeyer, *Shadow in the Land* (San Francisco: Ignatius Press, 1989), pp. 24-39.

Targeting You . . . and Your Children

About eight hundred activists, including dozens of teenagers, attended the Gay Lesbian Straight Education Network convention in Chicago. So what was on their agenda? They have plans to indoctrinate children, beginning in kindergarten. Activists were also taught how to "Respond to the Right Wing" and how to oppose the Boy Scouts of America. The high school students in attendance received a "Visitor's Companion" that advertised Chicago's "leather" bars, a sex club, and a homosexual bathhouse.

— Allyson Smith, "Homosexual convention targets grade-school kids," *World Net Daily*, October 11, 2000.

Homosexuality Is Not a Civil Right!

The assertion that homosexuals are a minority group under current civil rights law is false. Minority status has been determined by the U.S. Supreme Court based on three criteria:

1. Economic Deprivation — No! Those engaged in the homosexual lifestyle are among the most advantaged people in the U.S. On average, they have a higher per capita income than heterosexuals and higher household incomes.

— *Wall Street Journal*, February 10, 1989, and *New York Times*, August 22, 1990.

2. Political Powerlessness — No! Homosexuals demonstrate great influential political power far beyond their actual numbers. The Human Rights Campaign Fund has annually donated millions of dollars to candidates, more than most other non-corporate PACs (*The Economist*, April 24, 1993). Media news and entertainment coverage is overwhelmingly favorable. (Turn on your TV!)

3. Immutable Characteristics — No! Minority groups share unchangeable, benign, non-behavioral traits such as race, ethnicity, disability or national origin. Homosexuals are the only group to claim minority status based on behavior!

FASTFACTS is published by the CENTER FOR RECLAIMING AMERICA—an outreach of Coral Ridge Ministries—to inform citizens and offer vital resources so you can reclaim your community for Christ.

Founder: Dr. D. James Kennedy; (877) SALT USA (725-8872); cfra@coralridge.org; www.reclaimamerica.org.

This ministry is supported by the contributions of concerned citizens like you. If you would like to support the CENTER, you can send your gift to: CENTER FOR RECLAIMING AMERICA, P.O. Box 632, Ft. Lauderdale, FL 33302
